

NIMMERSSION

Bundled Service: Easy Living

LOCAL ORIENTATION – HOME FINDING – MOVE IN COORDINATION – SETTLING IN SERVICES –
SCHOOL SEARCH – WORK PERMIT – 3 MONTHS OF HELP LINE SUPPORT

The stress of relocation is real, especially for employees accompanied by their families. That's why Nimmersion is proud to offer our Easy Living Program, a full-service relocation program created with families and executives in mind. Here's what's included:

Local Orientation

A personal Nimmersion relocation consultant plans a customized pre-visit program based on the employee's needs and wants. We provide local knowledge to help employees know what to expect and what to look for as they plan their move to Sweden. We assist them in comprehending neighborhoods, suitable living areas, schools, recreational facilities, shopping options, and any other information that may be beneficial to the family. Once the employee is physically settled, we assist them and their families in making the transition to Sweden as smooth as possible. Whether it's questions about traffic rules or how to find suitable children's activities, we provide the right information and guidance to help everyone successfully adjust to their new city.

Home Finding

At Nimmersion, we prioritize understanding our client's housing preferences with a comprehensive pre-arrival needs assessment. We source appropriate housing options that align with your budget and provide an organized itinerary a day before the scheduled viewings. Not only do we accompany your employee during property visits, but we also take charge of the entire lease process, ensuring that all lease documents are made available in English. Additionally, we help you manage initial payments, such as security deposits and rents, oversee any necessary pre-move-in refurbishments, conduct detailed move-in inspections, facilitate the setup of essential utilities, and offer guidance in procuring renter's insurance coverage.

Move In Coordination

Before move-in, Nimmersion will conduct a superficial inspection of the property to ensure the property's condition is well-documented. This helps avoid extra costs and confusion over damages when it

comes time to move-out. Additionally, we provide a tour of the laundry facilities, explain the mail handling, assist with name placements on the door, and instruct on where to dispose of trash. We will also arrange for a transfer of pre-existing utilities, such as electricity, water, gas, sewage, and internet connection.

Settling In Service

We handle the intricacies of local registration, assisting your employees in obtaining essential Swedish documents, such as a social security number, an ID card, and bank-account setup. Our comprehensive services cover guidance on civic registration, utilities setup, property insurance, and provide insights into the Swedish healthcare system. We address changes with authorities and registering with the social welfare insurance office. Plus, we provide information on where your talents can find doctors, shopping venues, places of worship, and specialty foods. To ensure they're well-connected, we introduce them to relevant networking groups, promoting a smooth cultural assimilation.

School Search

Nimmersion is here to help you find the right school for the children, whether it's international or local. We make the process easy and informative. Our services include school recommendations, assistance with the application process, and setting up school visits.

Work Permit

We can assist in applying for a work permit, if needed, as a separate service. With our expertise and experience, we are ready to guide non-EU citizens through the intricacies of the application process, ensuring that all necessary documentation and requirements are met with precision and efficiency.

Welcome Home!

We love helping international assignees learn everything they want to know about their new city. Our exclusive content in our Support Pages offers facts, details, and local tips that will help them learn all about living in Sweden. They'll feel right at home before they know it.

We offer a full range of immigration and relocation services. In fact, Nimmersion is part of a unique, global network that reaches into remote areas of the world. Simply let us know the location, and we can help from there, too!

We'd be happy to welcome your employees – or help them return home – all over the world.
