We understand the challenges that arise when your international talents have completed their assignments in Sweden. The transition back to their home countries or next location can be complex, and that's why Nimmersion offers our Swift Departure Program, tailored to facilitate a seamless return journey for your employees.

At Nimmersion, we take pride in our role as partners in your talent's journey. We are dedicated to ensuring that your employees conclude their time in Sweden on a positive note, finding their experience enriching and valuable. When you engage our Swift Departure Program, you can trust us to handle all the intricacies, allowing you to focus on your core business priorities.

Our comprehensive Swift Departure Program is designed to make the departure process hassle-free for both your employees and your organization. It includes:

Government Compliance

Nimmersion will handle all necessary notifications to the tax authorities, population registry, and other relevant authorities to conclude your employee's assignment in Sweden. We'll also prepare any required paperwork for your employee's signature.

Mail Forwarding

We will ensure your employee's mail is seamlessly forwarded to their designated address, saving them the hassle of missing important correspondence.

Meter Reading

Nimmersion will take care of ordering final electricity and water bills and reading the water meter during the final property inspection.

Close Utility Accounts

We expedite the closure of essential utility accounts, such as cable TV, internet, insurance, and more, to streamline the departure process.

Move Management

Leave the details of the move to us! We will obtain quotes from moving companies, order a cleaning service, and double-check that the cleaning was completed properly.

Move Out Coordination

When a joint walk-through with both tenant and landlord is preferred, we will attend the inspection of the property after your household goods and cleaning services have completed their tasks. Our team will coordinate and negotiate any dilapidation claims and arrange for necessary repairs if needed. Additionally, we will assist in recovering security deposits from the landlord and handle the key transfer.

Handover to Partner

When necessary, we can arrange a smooth handover to a relocation partner in our global network.

Work Permit

For non-EU citizens, we can handle the conclusion of the assignment with the same dedication and precision as a separate service. We will promptly notify the relevant authorities that the assignment has ended and help prepare all the required paperwork.
